I don't listen
to the news no more Like an
unwound clock You just don't s
eem to care This world isn't big enough To keep
me away from you Oh, from you Seabird, seabird Fly home Seabird, Fly home
Like a lonely seabird You've been away from land too long
Oh, too long Suddenly, you're with me I turn, a you're not there Like a ghos
t, you haunt me
You find warmth in a one-night bed Sunsets, full moons Don't turn you on Like
an untied dog You just had to run Like a lonely sea-
bird
You've been away from land too long
Oh, no, too long (so long, seabird)
Seabird, seabird
Fly home (like a lonely bird)
Seabird, seabird
Fly home
Seabird, seabird
Fly home
(seabird, sea)
Seabird, seabird
Fly ho
me
