

GRADUATION SHOW

ACADEMIE MINERVA

14-19 JUNE 2025

HOT SPOTS

A poster for a graduation show titled "HOT SPOTS" by "ACADEMIE MINERVA". The poster features a black background with several colorful, abstract, flame-like or smoke-like shapes in yellow, orange, and blue. The text "GRADUATION SHOW" is written vertically on the left, "ACADEMIE MINERVA" is at the top right, "14-19 JUNE 2025" is in the middle right, and "HOT SPOTS" is at the bottom right. The poster is mounted on a red brick wall next to a blue door.

HOT  
SPOTS

A heatmap visualization on a black background. The color scale ranges from purple (low intensity) to red (high intensity). There are several distinct hot spots, with the most prominent one being a large, irregular red shape in the center-left. Other smaller red and yellow spots are scattered around it. A thin white line meanders across the background.

HOT  
SPOTS

A heatmap visualization on a black background. The color scale ranges from purple (low intensity) to green (medium intensity). The hot spots are more diffuse and spread out compared to the first poster, with a central cluster of green and yellow. A thin white line meanders across the background.

HOT  
SPOTS

A heatmap visualization on a black background. The color scale ranges from purple (low intensity) to yellow (medium intensity). The hot spots are more concentrated and defined than in the second poster, with a large yellow and orange shape in the center-right. A thin white line meanders across the background.
